### *A Spiritual Woman's Guide to the 21st Century.*

*The Universal Woman is a woman who has mastered the balance between the masculine and feminine principles within.*

*She experiences the spirit of Beauty.*

*She understands Power with Equanimity.*

*She is a woman who takes her spiritual knowledge into the actions of her daily life.*

*She lays down the "fist" that has represented feminist social movements and replaces it with her heart and the Power of Love.*

*She understands that she is a whole woman, functioning in the world with both masculine and feminine aspects as given by the Creator of all Life.*

*She knows that in healing herself, she heals others.*

*She knows how to make a difference in the lives of others through her Divine Wisdom.*

*She is fearless, knowing and expressing the innate God-given Power that lies within.*

*She thinks globally, understands our connectedness, and prays with all women for honor and respect.*

*Her campaigns are based in the power of Love and create pathways to peace...therefore she cannot be denied.*
