Channeled Message from Jesus

Early in 1970, I was taking Inner Sensitivity Training classes in San Diego. The practice of meditation was new to me as was everything I was learning from Dr. Ann and Peter Meyer.

My meditations were sitting in my darkened bedroom, with a candle burning. My practice included asking for my different Christ Self signals and confirming them. I would then take myself deeper with my breathing. After I made a conscious connection with my I Am self and was deep in meditation, I would simply wait in the silence listening deeply. That is when Jesus placed the words printed above in my mind.

It was an amazing experience since the words followed me out of meditation and I was easily able to remember them and write them down.

What is the “door” that we enter? It is the same as the door Jesus spoke about in Matthew, “Knock and the door will be opened.” When we honestly and willingly seek to have a deeper spiritual life, we must move beyond our Psychic barrier (belief in separation) and come to know and understand that God and each of us are One without separation. The “us” are the many Christ and I Am selves.

When we make that conscious connection, we find Love and Peace by centering ourselves in Divine Presence. Our life is forever changed and enriched.

At our LA/OC Center, we celebrate the birth of the Christ in us every Sunday. Our Candle Lighting Service will be on Sunday, December 10. Why not join us?

Love,

Rev. Vicki Walker
