*A new light is coming into the world.
We are on the borderline of a new experience.
The veil between Spirit and matter is very thin.
– Ernest Holmes*

If indeed a new light of awareness is coming into your world, wouldn't you want to be prepared to be open and receptive to receive that Light of Truth? Are you on the borderline? How aware are you that the veil that only seems to separate you from your **I Am** self is factually thin?

God and you are one. Closer than hands and feet. There never was nor can there ever be any separation. Unless it is in your thinking. Your consciousness. Change the belief and you change the condition.

Our soul is always building a habitation for us. Cause your spiritual vision to encompass more. Train yourself to see the Christ Light in every situation, person, and place.

During your hurried holiday pace, you may experience increased traffic, long waiting lines, fragile anxious feelings of lack, fear, pain or uncertainty from those around you. This experience may lead you to criticize, resent and feel anxious too.

Practice pausing quickly in the moment and ask your **I Am** for peace and love. When Spirit cannot be seen, it must be felt. Use your spiritual vision to behold perfection and your God connection to feel Peace and Love. The Divine Presence is within you. Walk calmly and confidently into this season of Christ Light.

Be more of the Light.
