June 2019

**“We are chemists in the laboratory of the Infinite.
What, then, shall we create?”**

Ernest Holmes

Six months into our year is the perfect time to remember and review our 2019 goals and plans. It is a good time for a quiet, honest look at our personal progress:

- What have I done to contribute to the success of my goals?
- Have I committed myself to working on those goals still on my list?
- Am I focused on what I want to accomplish?

Putting our spiritual growth goal first is like building a home on a solid foundation. It provides us with faith and courage to do all the others. Jesus said, “Everyone then who hears these words of mine and does them will be like a wise man who built his house on the rock. And the rain fell, and the floods came, and the winds blew and beat on that house, but it did not fall, because it had been founded on the rock.” (Matthew 7:24-25)

Rain, floods, winds are the negative conditions we face daily as we mindfully move toward our desired results. This requires us to clarify our vision, purify our thought, so that it becomes a mirror reflecting our I Am Divine Presence at the center of our being. I know that the key that unlocks my treasure is in my spiritual hand.

Affirm: I now lay aside all anxiety, all striving and let (allow) the Divine Law bring my good to me.

Whatever negativity, lack or limitation you have created in the past, you can uncreate and recreate new results.

What then shall you create?

Love,

Rev. Vicki Walker
