“The seed that fell on good soil represents those who truly hear and understand God’s Word and produce a harvest thirty, sixty, or even a hundred times as had been planted.”  
Matthew 13:23

Words contain Divine Ideas, and as we express them, we convey Divine Creative Power that manifests them. Through the symbiotic relationship of Natural Law and Spiritual Law, words, being energy in-formation, scatter like a seed. And like all seeds, words contain both the idea and the crop of that idea that magnificently appears.

Aesop (b. 620 B.C.), a Greek storyteller of meaningful life lessons for children generation after generation through his written fables taught, “Be careful what you ask for.” meaning “think, really think, before you speak so that the exact result is what you want.”

When my Inner Christ channeled: “A need is a seed,” I realized that the literal application of the word “seed.” to replace the word “need” in my vocabulary will elevate my perspective, and increase my joy factor, and it has.

When a thought, i.e., “I need peace,” is shifted to “I seed peace,” your feelings and experiences change. When a thought, i.e., “I need a new car,” is shifted to “I seed a new car,” your desire is planted. The Creative Power nurtures that desire to fruition. As long as there is clarity in the statement of a desire, without negation, the Spiritual Law acts upon your Word, and the fruit of the seed appears for you to enjoy.

Happy Harvest, Rev. Michele

Eggs represent new life and rebirth, and it's thought that this ancient custom of dying eggs and sharing them was absorbed into Easter celebrations.

in the accomplishment of our purposes is quite unnecessary.  
If the end is already secured, then it follows that all the steps leading to it are secured also.”
